

Parents and KRR students:

Mrs. Schweer and all the wonderful tutors at KRR have put together this packet of activities for you to have at home. There are many things in there that you can do as a family. Our hope is to do this again in about 2 weeks.

You will notice that we now have Seesaw as a KRR way to communicate with everyone. Please use the page at the front of the folder to see how to get it set up and log in. Stay tuned there will be lots of videos and things coming on this site. There is also a page that tells you about Open ebooks app.

Open ebooks is like your own little personal library. It is free just use the elementary code to get in. We also have a middle school code so your older siblings can enjoy as well.

In your folders you will find lots of games and activities. We have placed page protectors in there so you can put your games in there to play so they stay nicer longer. You can also use the page protectors to write on and erase. Some have reading passages and you can mark where you stop reading to help you practice reading more words per minute. The passages are designed for 1-minute reading.

We have also put in books for you. Those books are for you to keep. Nothing needs to be returned to KRR this is just a little something for you.

If you have questions about anything in your packets, please just reach out to me and I will do my best to help explain everything. 620-805-7656 is my office number and will directly ring to my cell phone so I won't miss any calls. I know this is a different way of learning and we don't want to overload you as parents that is why we tried to make them family friendly.

If you have the chance, please take pictures so we can post on Facebook or share on Facebook. Please give me feedback on how this is working so we know what to put in your next set of KRR fun. These will be passed out at the lunch pickup time from 10:30-12:30.

I am hopeful that we will get to have summer school. (keeping my fingers crossed) That way we can see each other soon and keep on having fun learning.

We Miss YOU,

Mrs. Schweer
