Hi! I hope you are doing well and that you're playing lots of games and reading lots of books. I miss you so, so, so much and cannot wait to see you!

Love,

Mrs. Huth

Hey kiddos,

I can't explain to you how hard it will be to not see your smiling faces each and every day. You guys are amazing humans and I know this will just be a small amount of time that we will call history. While you're home don't forget that learning can be done anywhere. Get some fresh air, walk, and talk about things that interest you!

Love,

Mrs. Burnfin

Hey you fantastic KRR kids! I am so glad Mrs. Schweer has this note to give to you. I am missing all of you so much! But, don't worry, we will be in contact with you very soon. I am so excited about using Seesaw as a means to communicate with you and your parents. Be sure to download the Seesaw app for Families so we can see you, and you can see us. Mrs. Watson and I will be reading books to you and presenting vocabulary to you. I will even show you how to use chopsticks, that is, if you don't already know how to use them. Are you ready? I will see you real soon and you will see me real soon on Seesaw, ok? Love, Mrs. Deibert
